Name : Lovely Singh
Internship Duration : 2 Months
Internship Program : Web Development

Executive Summary:

During my internship at Zidio Development Software Company, I worked on two projects in Web Development. One was the Feedback Collection System project and the other was Real time Chat Application. Overall, my internship was a valuable learning experience that allowed me to develop new skills and gain practical experience in the field of marketing.

Introduction:

I was excited to have this opportunity to intern at Zidio Development Software Company, teamwork in the field of Web Development.

Overview of the Company:

Zidio Development Software Company is a dynamic and forward-thinking technology firm dedicated to delivering cutting-edge software solutions. With a focus on innovation and a commitment to excellence, we aim to redefine the digital landscape through our expertise and passion for technology.

Description of Duties:

During my internship, I was responsible for a portion of the team project. Produce quality work that reflects well on me and my team.

Challenges Faced:

Challenges are a part of the learning process. One of the challenges that I faced during my internship was MERN Stack because I only know ReactJs before internship and we are two members in my team. However, I overcame this challenge by guidance and training was given for making projects and learned all the skills which are needed.

Skills Learned:

During the internship, I had the opportunity to learn a variety of new skills. These included MongoDb, ReactJs, Express, NodeJs, Socket.io, Teamwork, Professionally conversion etc. I have a strong command of Zidio and feel that I am ready to step into a professional career.

Conclusion:

Overall, my internship at Zidio Development Software Company was a valuable learning experience. I was able to develop new skills and gain practical experience in the field of development. I am grateful for the opportunity to have interned at such a successful and dynamic company.

Acknowledgements:

I would like to thank the entire team at Zidio Development Software Company for their support and guidance during my internship. In particular, I would like to thank my trainer, Pitabas Pradhan, for her mentorship and the opportunity to intern at the company.
